**Teaching Games For Understanding (TGfU)**

**Steps of the TGfU model are:**

1. **Game:** All students are able to play the game.

2. **Game Appreciation:** Students learn to know and respect the necessity of rules because they create, implement and refine them.

3. **Tactical Awareness:** Students come to know and understand the game through solving problems as they are presented in game situations.

4. **Decision Making:** Students learn to make good decisions by practicing the elements of decision making. These elements include paying attention (selective attention), anticipating responses by opponents and choosing appropriate skills (those that will implement the decision most effectively).

5. **Skill Execution:** Students are motivated to learn skills because they are learned in context and practiced after the game is played. The skills then enhance game play performance and help students implement the chosen strategies.

6. **Performance:** The level of student performance increases as the cycle continues.

Teaching Games For Understanding (TGfU)

Shifting the focus from *how* to *why* or *what if* encourages students to reflect & ask questions!

**INVASION/TERRITORIAL GAMES**
(Opposition can intersect with all spaces on the field)

**NET/WALL GAMES**
(Opposition in one area only; need to think & respond more quickly)

**STRIKING/FIELDING GAMES**
(Both offense & defense; time for team to gather itself between plays)

**TARGET GAMES**
(Offense only)

Developmental sequence progressing from target games being least complex to invasion/territorial games being most complex!

# TARGET GAMES

<table>
<thead>
<tr>
<th><strong>Game Intent</strong></th>
<th>To send an object away &amp; make contact with a specific, stationary target in fewer attempts than the opponent.</th>
</tr>
</thead>
</table>
| **Concepts & Skills** | Sending away  
Skills: drive, release, deliver |
| **Player Roles** | Same skill required for all players; no interaction |
| **Playing Area** | Playing area is shared; players take turns; variations from golf courses to ice sheets |
| **Offensive Strategies** | Hitting a target:  
Archery gold, bowling jack, curling button, golf hole, pool pockets, skittles pins |
| **Defensive Strategies** | No defensive strategies in individual games. In team games, obstacles prevent own target from being hit. |
| **Examples** | Archery, bowls, bocce ball, bowling, croquet, curling, golf, pool, billiards, disc golf, pinball |

### Game Intent
To place the ball away from fielders in order to run the bases and score more runs than the opponents.

### Concepts & Skills
| 1) Placement of the ball in the field  
Skills: striking, body positioning, hand positions on bat  
2) Decision making  
Skills: observation, listening, receiving, throwing  
3) Covering bases  
Skills: sprinting, ready position, moving sideways  
4) Base running  
Skills: sliding, sprinting |

### Player Roles
Variation in roles for defensive team (e.g. pitcher, catcher)

### Playing Area
Area is shared; offensive team has designated track to run; running track varies

### Offensive Strategies
Fielding positions; forcing play; holding runner from stealing; staying on offense; keeping turn for as long as possible within rules

### Defensive Strategies
Stealing; leading; tagging up; quick and accurate receiving and sending skills

### Examples
Baseball, cricket, Danish longball, kickball, rounders, softball

NET/WALL GAMES

<table>
<thead>
<tr>
<th>Game Intent</th>
<th>To send the ball back to the opponent so that the opponent is unable to return it or is forced to make an error. Serving is the only time the object is held.</th>
</tr>
</thead>
</table>
| Concepts & Skills | 1) Spatial awareness  
Skills: throwing, catching on bounce and volley, serving and receiving serve  
2) Positioning on court  
Skills: running, stopping, changing directions  
3) Position of body  
Skills: balance, footwork, hitting the ball in relation to the body  
4) Trajectory  
Skills: throwing, catching  
5) Depth  
Skills: hitting with specific force, lob shot, drop shot, spin shots, volley, drives, dig  
6) Angles  
Skills: control of racket, angle of racket, volley, forehand and backhand |
| Player Roles | All players require same skills as they rotate positions (e.g. all serve and receive) |
| Playing Area | Area is divided by a net; opposing players are separated |
| Offensive Strategies | Placing ball farthest away from player(s); placing ball close to boundary lines; moving to volley position at net; intercepting; anticipating; employing spikers |
| Defensive Strategies | Returning object and keeping it in bounds; anticipating where opponents will return object |
| Examples | Net: badminton, Pickleball, tennis, table tennis, volleyball  
Wall: handball, racquetball, squash |

# INVASION/ TERRITORIAL GAMES

<table>
<thead>
<tr>
<th><strong>Game Intent</strong></th>
<th>To invade the opponent’s defending area to score a goal while simultaneously protecting own goal.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Concepts &amp; Skills</strong></td>
<td></td>
</tr>
</tbody>
</table>
| **Offensive Concepts** | 1) Keeping possession  
Skills: sending, receiving, traveling  
2) Penetration/Invasion  
Skills: accurate passing & receiving, dodging, change of speeds  |
| **Defensive Concepts** | 1) Zoning, defending players in area  
Skills: shuffle, change of speed, running in different directions  
2) Defending a specific player  
Skills: footwork  
3) Transition concepts  
Skills: peripheral vision, footwork, running, quick change of directions  |
| **Player Roles** | Designated goalkeeper; defensive & offensive role or player; midcourt (both roles) |
| **Playing Area** | Area shared by all players; rectangular; often outdoors |
| **Offensive Strategies** | Keeping possession; moving ball or puck to specified area; rapid changing from offensive to defensive; transition - organization of players moving from offense to defense and vice versa |
| **Defensive Strategies** | Intercepting ball or puck before it goes over the line or into the goal; pressuring opponents into making mistakes; closing down distribution options |
| **Examples** | Basketball, field/ice hockey, football, lacrosse, soccer, team handball, water polo, Ultimate Frisbee |
