- Dribbling
- Through ball passes
- Through ball runs (to receive through passes)

- Shooting to score?

**Instructional Focus: Finishing**
- Shooting

Are players able to prevent scoring by their opponents? If not, is it because they have any of these problems:

- Covering opponents & space?

- Winning the ball back?

**Instructional Focus: Marking/Cover**
- 1 vs. 1 defense
- Team defense

- Defending the goal?

**Instructional Focus: Goalkeeping**
- Angle play
- Making saves
- Distributing the ball
- Transition

Instructional Focus:
- Possession
- Penetration
- Finishing
- Marking/Cover
- Ball Winning
- Goalkeeping

---

Net Game Performance
Problem-Diagnosis Framework

Are players able to score against their opponents? If not, is it because they have any of these problems:
- Keeping the ball in bounds?
- Setting up the attack?
- Winning the point?

Instructional Focus: Maintaining a rally
- Basic shots
- Strokes
- Footwork

Instructional Focus: Attack
- Court spaces
- Moving the opponent
- Getting into position to attack

Instructional Focus: Finishing
- Downward hitting-attacking shots or strokes

Can players prevent scoring by their opponents? If not, is it because they have any of these problems:
- Defending space?
- Defending against attacks?

Instructional Focus: Defending
- Court coverage
- Footwork

Instructional Focus: Returning the attack
- Blocking
- Covering as a team

Striking/Fielding Game Performance
Problem-Diagnosis Framework

Are players able to score against their opponents? If not, is it because they have any of these problems:

- Hitting the ball?
- Scoring runs?
- Running between bases?

Instructional Focus: Getting on base
- Hitting to the left side
- Hitting to open space

Instructional Focus: Moving the runner
- Hitting to the right side

Instructional Focus: Advancing
- Base running
- Sliding

Instructional Focus: Defending space by position
- Fielding/throwing

Instructional Focus: Defending Space
- Base coverage
- Cut-offs/relays
- Backing up

Instructional Focus: Communicating
- Calling the ball
- Informing fielders of game situations
- Signaling # of outs

Are players able to prevent scoring by their opponents? If not, is it because they have any of these problems:

- Fielding the ball?
- Getting the ball to the infield from the outfield?
- Knowing where to make the play?

Target Game Performance
Problem-Diagnosis Framework

**Are players able to score when they are unopposed or opposed?**
If not, is it because they have any of these problems:

- Moving towards the target?

**Instructional Focus:**
- **Selection**
  - Target/ball
  - Intermediate target

- **Pre-shot Routine/decisions**
  - Set-up
  - Stance/approach
  - Approach/offense & defense

**Instructional Focus:**
- **Adjust**
  - Read conditions
  - Angles/lie OR angles/opponents position
  - Set-up/approach

**Are players able to prevent scoring by their opponents?**
If not, is it because they have any of these problems:

- Deciding how to approach a shot?

- Adjusting to game conditions?

**Instructional Focus:**
- **Defending space**
  - Blocking

- Blocking an opponent?

- Sending an opponent away from the target?

**Instructional Focus:**
- **Defending space**
  - Hitting opponent’s ball
